

Welcome to  
More Choice

Human  
Small-Scale Panels

Choose from our extensive portfolio of  
high-quality fluorescent-conjugated reagents  
to build your multicolor flow cytometry panels.

### Welcome to a More Colorful World<sup>SM</sup>

Visit [bdbiosciences.com/choice](https://bdbiosciences.com/choice) to see our extensive portfolio of both new and existing reagents. Then choose reagents to build panels that suit your unique research needs.

These panels were designed based on the general principles of multicolor panel design and have not been tested experimentally at BD Biosciences. Users are encouraged to design and optimize their panels based on their specific instrument and experimental design.

These panels are provided as examples only.
